

# INSIDER LOOK: ENERGY POLICY

## WHAT'S CONTRIBUTING TO NEW YORK'S HIGH ENERGY BILLS?

### POLICIES

Albany Democrats' **energy policies** drive high energy prices

### UTILITY CHOICES

Natural gas **policies** and certain utility **bill programs** can drive up monthly bills

**\$1,000/MWh**

On **January 28**, Day-Ahead Market prices hit \$1,000/MWh during the winter storm; more than double any spike since 2019

### LOST SUPPLY

Since 2020, Democrats shut **Indian Point** and **over 1,600 MW of peaker plants**, leaving the grid dependent on aging, inefficient units

### OUR SOLUTIONS

Assembly Republicans believe in **energy choice** and a diverse energy grid
